Experience

Mr. Stone has 36 years of experience in the field of comprehensive planning. Mr. Stone was Director of Comprehensive Planning at the Atlanta Regional Commission, where he was responsible for the programs in Land Use, Transportation Planning, Environmental Planning and Social Economic Analysis.

Beginning in the Fall of 1991, Mr. Stone worked with The Atlanta Committee for the Olympic Games (ACOG). In his position as the Director of Transportation, he was responsible for the preparation, development and implementation of transportation for the 1996 Centennial Olympic Games.

Before joining ARC, Mr. Stone served as Vice President with a private management consulting firm for three years. For five years prior to that he served as Director of Urban Planning with the State Highway Department of Georgia.

A representative listing of Mr. Stone's experience is presented below.

Transportation Policy and Planning

- Development of a Conforming Regional Transportation Plan and TIP
- Atlanta to Chattanooga Magnetic Levitation Train Project
- Marietta to Lawrenceville Corridor Transportation Study
- Transportation model review and application evaluation
- Regional Transportation Needs Assessment
- Westside Transportation Needs Assessment and project selection
- Development of all aspects of transportation plan for the 1996 Olympic Games

Environmental Planning

- Implementation of the Metropolitan River Protection Act
- Development of Regional Water Supply Plan
- Development of Regional Water Quality Plan

Land Use Planning

- Development of Review Procedure and Policies to implement Development of Regional Impact (DRI) Projects
- Establish LCI program and initial implementation
- Preparation of Regional Development Plan in coordination with Regional Transportation Plan

Since leaving the Atlanta Regional Commission in 2000, Mr Stone has been consulting on numerous projects in the Atlanta Region. Some of his clients include:

The City of Canton

The City of Holly Springs

The Town Center Community Improvement District

The ARC

Numerous special projects on teams of consultants
